

COVID Resource Guide

Brought to you by Portland's Neighborhood Coalitions

We Got This, Portland

Times are tough: job losses, social distancing, quarantines. We are in uncharted territory, and it seems like we're redrawing the map everyday. In these uncertain times, the one thing to bring us comfort is that we are all in this struggle together. And for our struggles, there is help available.

The neighborhood coalitions in Portland, have been working for nearly fifty years to serve our community in the best ways we can. Along with supporting the 94 neighborhood associations in town, we also work with dozens of area community groups, nonprofits, and government partners to bring resources and information to our communities. This part of our mission has never been more important.

We know that in a time of crisis, quality information is hard to come by. So we brought our organizations together to track down the best resources we could find from our various community partners and worked quickly to deliver it to you, along with most of the households in the Portland area.

At a time when many of us aren't leaving our homes or neighborhoods, the need for community bonds and neighborly relations has never been greater. If you find this mailer helpful, there's

only one thing we ask: when all of this is over, consider joining your neighborhood association or getting in touch with one of our coalition offices for help getting your community's needs met.

No matter your background, race, income-level, gender or politics, our people-centered neighborhood system is always looking for engaged Portlanders who want to help make Portland a better place. Getting out of this crisis will require all of us to come together, however we can, to help shape the next era of our city.

We're in this together, Portland. We got this.

Juntos podemos, Portland

Las cosas están difíciles: pérdida de empleos, distanciamiento social, cuarentenas. Estamos en una situación desconocida y parece que las cosas cambian todos los días. En estos tiempos inciertos, lo único que nos brinda consuelo es que todos estamos juntos en esta lucha. Y para nuestra lucha, hay ayuda disponible que hemos listado aquí.

La coalición de distritos entiende que en tiempos de crisis es difícil obtener información de calidad. Por eso, hemos colaborado para buscar los mejores recursos posibles de nuestros socios comunitarios, y hemos trabajado rápidamente

para compartirlo con usted y con la mayoría de los hogares en el área de Portland.

Independientemente de su origen, raza, nivel de ingresos, género o política, nuestra comunidad está enfocada en el bien de todas las personas y buscamos participantes comprometidos que quieran ayudar a hacer de Portland un mejor lugar. Para salir de esta crisis, todos necesitamos colaborar como podamos para dar forma a la próxima etapa de nuestra ciudad.

Estamos juntos en esto, Portland. Y juntos, podemos.

CORONAVIRUS INFORMATION

Questions? Call 2-1-1
For the latest info, visit multco.us/covid19.

INFORMACIÓN SOBRE EL CORONAVIRUS

¿Tiene preguntas? Llame al 2-1-1
Para obtener la información más reciente, visite multco.us/covid19.

WHAT IS "NOVEL CORONAVIRUS"?

SARS-CoV-2 is a new coronavirus. The disease it causes has been named coronavirus disease 2019 or COVID-19. COVID-19 symptoms include fever, cough, and shortness of breath. Most people recover at home, but it can cause severe illness and pneumonia in some people.

¿QUÉ ES EL "NUEVO CORONAVIRUS"?

El SARS-CoV-2 es un nuevo coronavirus. La enfermedad que provoca recibe el nombre de enfermedad por coronavirus 2019 o COVID-19. Los síntomas de COVID-19 incluyen fiebre, tos y/o dificultad para respirar. La mayoría de las personas se recupera en su hogar pero puede causar una enfermedad grave y neumonía en algunas personas.

WHO IS AT HIGH RISK?

- Older adults (over the age of 65)
- People who have serious chronic medical conditions like heart disease, lung disease, weak immune systems, and diabetes
- People who are pregnant

¿QUIÉNES ESTÁN EN MAYOR RIESGO?

- Adultos mayores (más de 65 años).
- Las personas que tienen afecciones médicas crónicas graves como enfermedades cardíacas, pulmonares, sistemas inmunitarios débiles y diabetes.
- Mujeres embarazadas.

HOW DOES IT SPREAD?

The virus spreads when someone who is sick with the virus coughs or sneezes close to another person. Someone with the virus is most likely to spread the germ to others when they have symptoms like a cough. Cover your mouth and nose with a tissue or your shirt sleeve if you cough or sneeze.

¿CÓMO SE PROPAGA?

El virus se propaga cuando alguien que está enfermo con el virus tose o estornuda cerca de otra persona. Es más probable que una persona con el virus transmita el germen a otros cuando tiene síntomas como la tos. Cúbrase la boca y la nariz con un pañuelo de papel o con la manga de su camisa si tose o estornuda.

HOW CAN WE STAY HEALTHY?

- WASH YOUR HANDS** frequently with soap and water.
- AVOID TOUCHING YOUR FACE** or eating with unwashed hands.
- STAY HOME AND AVOID LARGE GROUPS** and crowded public places.
- TRY TO KEEP A DISTANCE** of 6 feet (2 large steps) between you and others—especially if you are at high risk.
- CLEAN AND DISINFECT** frequently touched objects and surfaces in your home.
- MAKE SURE YOU HAVE THE FOOD AND MEDICATIONS** you need to stay home.
- CALL OR TEXT** to check in on any neighbors who might need extra help, like seniors living alone.
- MAKE A WORK PLAN.** Know your employer's sick leave and teleworking policies so you can stay home if needed.
- MAKE A CHILD CARE PLAN.**

¿CÓMO PODEMOS MANTENERNOS SANOS?

- LÁVESE LAS MANOS** con agua y jabón frecuentemente.
- EVITE TOCARSE LA CARA** o comer con las manos sucias.
- QUÉDESE EN CASA Y EVITE GRUPOS GRANDES** y lugares públicos con mucha gente.
- INTENTE MANTENER UNA DISTANCIA** de 6 pies (2 pasos grandes) entre usted y los demás, especialmente si usted es de alto riesgo.
- LIMPIE Y DESINFECTE** las superficies y los objetos del hogar que se tocan con frecuencia.
- ELABORE UN PLAN DE TRABAJO.** Infórmese sobre las licencias por enfermedad de su empleador y las políticas de teletrabajo para que pueda quedarse en casa si es necesario.
- ELABORE UN PLAN DE CUIDADO DE LOS NIÑOS.**
- ASEGÚRESE DE TENER LOS ALIMENTOS Y MEDICAMENTOS** que necesita para quedarse en casa.
- LLAME O ENVÍE UN MENSAJE DE TEXTO** a los vecinos que puedan necesitar ayuda adicional, como las personas mayores que viven solas.

Stay Home. Save Lives.

On March 23, Governor Kate Brown issued an order directing everyone in Oregon to stay at home unless absolutely necessary. The order is effective immediately, and remains in effect until ended by the governor. Staying at home as much as possible during this time will save lives by keeping the virus from spreading.

- Go out only for essentials (groceries, medical care, child care, etc)
- Stay at least six feet from others any time you are out
- If you are not sure if an activity is allowed, skip it

Staying Healthy

- Stay 6 feet away from others. Wear a face covering when you cannot keep 6 feet between you and others in public, like at a grocery store, at a pharmacy, or on a crowded sidewalk.

The virus that causes COVID-19 passes easily from person to person. To stay healthy:

- Stay 6 feet away from others
- Prevent the spread of germs by washing hands often and covering your cough
- Clean and disinfect frequently touched surfaces, and wearing a face mask whenever you must go out in public

What to do if you are sick

If you start to feel sick- especially with a fever or cough- stay home and do the things you normally do to feel better. Sleep, rest and drink plenty of fluids. There is no specific medicine for COVID-19. If you are having a medical emergency call 911. If you are experiencing COVID-19 symptoms and feel like you need medical advice please call your doctor. If you don't have a doctor, call 211 for a list of clinics to contact near you.

Home Isolation

If you have COVID-19 symptoms and have been taking care of yourself at home, you may stop home isolation only after:

- At least 3 days (72 hours) have passed since you have had a fever and your cough or shortness of breath has gotten better (without the use of fever-reducing medicine or cough medicine).
- At least 7 days have passed since your symptoms first started.

Mental Health Support

Multnomah County Mental Health Call Center: 503-988-4888, 24 hours a day, 7 days a week. Toll-free: 800-716-9769. Hearing-impaired dial: 711. Interpreters available.

Questions?

Call 2-1-1, 7 days a week from 8a.m. to 11p.m. | or visit 211Info
Visit multco.us/covid19

Quédese en Casa. Salve Vidas.

El 23 de marzo, la gobernadora Kate Brown emitió una Orden Ejecutiva a nivel estatal que ordena todos a quedarse en casa, excepto por necesidades esenciales. La orden es efectiva de inmediato hasta nuevo aviso. Permanecer en casa tanto como sea posible durante este tiempo salvará vidas al evitar que el virus se propague.

- Salga solo para lo esencial (alimentos, atención médica, cuidado de niños, etc.)
- Manténgase al menos a seis pies de distancia de los demás cada vez que salga
- Si no está seguro de si una actividad está permitida, omítala

Mantenerse saludable

- Manténgase a 6 pies de distancia de los demás. Use una mascarilla de tela cuando no pueda mantener 6 pies de distancia entre usted y otras personas en público, como en una tienda de comestibles, en una farmacia o en una acera abarrotada.

El virus que causa COVID-19 pasa fácilmente de persona a persona. Para mantenerse saludable:

- Manténgase a 6 pies de distancia de los demás
- Prevenga la propagación de gérmenes lavándose las manos con frecuencia y cubriendo su tos
- Limpie y desinfecte las superficies frecuentemente tocadas

Qué hacer si está enfermo

Si comienza a sentirse enfermo, especialmente con fiebre o tos, quédese en casa y haga las cosas que normalmente hace para sentirse mejor. Duerma, descanse y beba muchos líquidos. No existe un medicamento específico para COVID-19. Si tiene una emergencia médica, llame al 911. Si experimenta síntomas de COVID-19 y siente que necesita consejo médico, llame a su médico. Si no tiene un médico, llame al 211 para obtener una lista de clínicas para contactar cerca de usted.

Aislamiento en el hogar

Si tiene síntomas de COVID-19 y se ha estado cuidando en su hogar, puede detener el aislamiento en el hogar solo después de:

- Han pasado al menos 3 días (72 horas) desde que tuvo fiebre y su tos o falta de aire ha mejorado (sin el uso de medicamentos para reducir la fiebre o medicamentos para la tos).
- Han pasado al menos 7 días desde que comenzaron sus síntomas.

Apoyo de salud mental

Centro de Llamadas de Salud Mental del Condado de Multnomah: 503-988-4888, las 24 horas del día, los 7 días de la semana. Llamada gratuita: 800-716-9769. Línea para personas con problemas de audición: 711. Intérpretes disponibles.

Preguntas?

Llame al 2-1-1, los 7 días de la semana desde las 8 a.m. hasta las 11 p.m. El | o visite 211Info

Portland Public Schools

Meals and Food Pantries

Breakfast and lunch will be provided for children in the community. Meals will be available for pickup outside the school from 11 a.m.-1 p.m Monday through Friday.

In addition to breakfast and lunch pickup, community members will have a food pickup opportunity at food pantries at certain Portland Public Schools campuses.

TRIMET

No more than 10-15 riders can be on a bus at one time, 10 individuals, or up to 15 if people are riding together (such as couples or parents with children).

TriMet has **stopped accepting cash fares** on board buses. You'll need to pay with **Hop**: a plastic Hop card, your phone using a mobile wallet or virtual card, or a Hop ticket. We'll also mail you a card if you call 503-238-RIDE (7433) or email us at hoptto@trimet.org.

Things to do while under self quarantine.

Meditate: Take even 5 minutes to be still and breathe.

Go outside and breathe some fresh air. Remember social distancing.

Catch up on your sleep.

Eat good meals. Speak good things into existence. Drink water.

Think good thoughts.

Take time away from technology.

Get some movement in during the day. Go for a walk. Stretch. Many apps are free do what is best for you.

Call or FaceTime loved ones. We will get through this together.

Remember to wash your hands frequently.

DANCE! Remember to take time to have fun!

Housing and Utilities

HOW TO POSTPONE YOUR RENT PAYMENT

If your household has experienced a loss of income and you can **document that the loss of income is related to the COVID-19 emergency**, you are allowed to postpone your rent payments, utilities or fees due to your landlord while the emergency is in place. Your landlord cannot charge late fees or file for eviction during the emergency period.

This does not eliminate the rent that is due, but will give you up to six months from the date that Multnomah County declares that the emergency is over. We don't know yet when that date will be.

From Legal Aid Services of Oregon, March 20, 2020

In order to postpone your payments of rent/ utilities/ fees:

1. Tell your landlord in writing that you have a loss of income due to COVID-19 on or before your rent due date (usually the first of the month).
2. Provide documentation to show that your loss of income is related to COVID-19.
3. Keep a copy of your written request to postpone your rent payment.

CASH ASSISTANCE

The City of Portland is also providing an Emergency Housing Stabilization Fund which will support up to 2,000 households with direct cash assistance for rent, food, medication and other urgent household needs. The City is working closely with Home Forward and Multnomah County to determine the best way deploy these resources quickly and effectively. For more information, please email rentalservices@portlandoregon.gov or call 503-823-1303

Water: Portland Water Bureau announced that water will not be shut off if a bill isn't paid. Work out a plan by contacting Customer Service at

PWBCustomerService@portlandoregon.gov or 503-823-7770

Electricity: PGE will keep your lights on and suspend late payment fees. If you anticipate missing a bill, make arrangements with PGE at 503.228.6322.

Natural Gas: NW Natural will not disconnect customers who can't make a payment due to impacts caused by the coronavirus. Call to make temporary payment arrangements and get help with other bill payment assistance options. 800.422.4012, Monday through Friday, 7:00 am to 6:00 pm.

COVID-19 Relief Package

April 13 - The Department of Treasury will begin making COVID-19 payments through direct deposit.

- If you filed your 2018 or 2019 taxes via direct deposit this will be automatic.

- If the IRS doesn't have that information on file, the best way to receive the benefit as quickly as possible, would be to file your 2019 taxes. The IRS will update files weekly in order to issue further direct deposits.

May 4 - The IRS will begin issuing paper checks.

- This could take up to 20 weeks and will begin with people with the lowest income first.
- If you receive Social Security benefits, your check will automatically come to you just as do your Social Security benefits.
- The IRS expects to create a portal by the end of April/early May that

will allow taxpayers to: (1) find out the status of their rebate payment and (2) update direct deposit information.

-For other taxpayers who do not file returns, the IRS expects to release the "simple tax return" soon. The IRS expects it will contain only a few questions, including name, Social Security Numbers, dependents, and deposit information.

WHY CAN'T I VISIT MY CLOSE SOCIAL CONTACTS?

Every time you come into contact with another household, you increase your risk of either being exposed to COVID-19, or exposing others to the virus.

BUT I'M ONLY SEEING MY REALLY GOOD FRIENDS – IT'S ONLY ONE HOUSEHOLD!

Yes, but if that household is visiting another household, it creates more pathways for the virus to potentially jump from household to household. The more opportunities the virus has to jump between households, the higher the likelihood of people getting sick.

¿POR QUÉ NO PUEDO VISITAR MIS CONTACTOS SOCIALES CERCANOS?

Cada vez que entra en contacto con otro hogar, aumenta el riesgo de estar expuesto al COVID-19 o exponer a otros al virus.

PERO SOLO VEO A MIS AMIGOS MÁS CERCANOS – ¡ES SOLO UN HOGAR!

Sí, pero si ese hogar está visitando otro hogar, crea más vías para que el virus salte potencialmente de un hogar a otro. Cuantas más oportunidades tenga el virus para saltar entre los hogares, mayor será la probabilidad de que las personas se enfermen.
